Elevate Your Owner Relationships

- **Transparent Insights:** Provide owners with revenue, occupancy, and reservation metrics.
- **Self-service Tools:** Empower owners to create and manage their reservations independently, reducing administrative burdens.
- **Proactive Communication:** Keep owners up to date through broadcast and direct messaging.

Operate More Efficiently

- **Centralized Platform:** Access all property information in one convenient location.
- **Enhanced Collaboration:** Facilitate seamless communication between property managers and owners.
- **Reduce Administrative Burden:** Owners can access statements, upload documents, and view work orders, reducing calls and emails between property managers and owners.

Key Features:

- **Mobile-friendly Access:** Stay connected on-the-go with our mobile app
- **Real-time Overview:** Monitor property performance at-a-glance
- **Interactive Reservation System:** Visualize bookings and availability with ease
- **Document Sharing:** Share important documents and contracts securely
- **Messaging:** Communicate directly with owners through the owner communication tool

Benefits for Property Managers:

- **Stronger Relationships:** Build trust with owners through transparency and simplified communication.
- **Time Savings:** Reduce time spent on repetitive inquiries with self-service features.
- **Owner Retention:** Provide an exceptional experience that encourages long-term partnerships.

Benefits for Property Owners:

- **Greater Visibility:** Gain real-time visibility into their property's performance and metrics.
- **Convenience:** Self-service access to reservations, statements, and other key updates.
- **Improved Communication:** Stay connected with property managers.
